To whom it may concern,

This letter is an invitation to connect. I am appreciative of your time and consideration of my professional background and accomplishments. I am confident that my experience and my academic background offer great attributes and networks that align well with your interests. I am actively obtaining my master's in finance along with a Graduate Certificate in Real Estate at the University of Missouri-Kansas City. During my time, I have obtained a 3.85 GPA. I have done many projects that have led me to obtain skill sets such as financial modeling and analysis, valuation analysis, and forecasting. I have joined groups such as the Dean's Student Advisory Board, Crew KC, and Delta Sigma Pi.

During my time at Music City Baseball, I initially came in as an Operations Intern. As an intern, I took the initiative and played an intricate role in managing the office and merchandise store, creating the volunteer program, and increasing our brand visibility. In my successive role, I managed multiple departments and worked with cross-functional teams. I acted as the administrator of the Community Engagement and DEI Committees and effectively led and structured the within and across the committees. I created and led the Stars Volunteer program which successfully increased our brand recognition and participation. I leveraged my expertise to streamline procurement processes and effectively budgeted the expenses of our office and merchandise store.

I hold a Bachelor of Business Administration from Tennessee State University. During my time, I excelled in classes graduating with a 3.3 GPA. I was the vice president of the Pre-Alumni Counsel and president of the Women of Infinite Potential group. I believe that my educational background, combined with hands-on experience, has equipped me with a strong foundation in business operations and strategic planning. I am confident that we will get the opportunity to work together soon.
